

FISCAL NOTE

SB 1369 - HB 1305

March 1, 2007

SUMMARY OF BILL: Requires municipally-owned water or sewer utilities, operating within the boundaries of a metropolitan government, to provide each customer at least two water leak adjustments per year. Such adjustments would authorize the utility to charge the customer one-half of the excess costs above the costs on not less than two sequential normal billing cycles.

ESTIMATED FISCAL IMPACT:

Decrease Local Govt. Revenues – Exceeds \$100,000

Assumption:

- The specific magnitude of the decrease in local government revenues will depend upon how many utilities currently offer only one such adjustment per year, the size of the utility, the number of customers requesting the adjustment, the size of the leaks in question, and the size of the regular bill of the customers requesting the adjustment.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "James W. White". The signature is fluid and cursive, with the first name "James" written in a smaller, more compact script than the last name "White".

James W. White, Executive Director
